

FN SCAR Trigger (Pull weight is not adjustable) - SCAR17 ****3.5lb****

[Rifle Parts](#) > [Triggers Parts](#) > [Triggers](#)

Upgrade your HK-variant rifle with the Timney SCAR Trigger and experience a noticeably smoother, crisper trigger pull that enhances precision at any distance.

Timney machines this trigger using a 6061-T6 aluminum alloy housing that is anodized for increased durability in demanding field conditions. For maximum strength and longevity, the hammer is manufactured from S7 tool steel, offering excellent resistance to impact and wear without chipping or breaking. A Teflon-nickel coating ensures an exceptionally smooth trigger pull with no binding or snagging.

The SCAR trigger module installs using your rifle's original hammer and trigger pins, preventing pin rotation or walkout. All internal components are EDM-cut from A2 tool steel and heat-treated to Rc 56-60 for superior strength and wear resistance.

Upgrade to the Timney SCAR Trigger to transform your rifle with a cleaner break, improved reliability, and enhanced overall shooting performance.

Attributes

- Name: [SCAR17 ****3.5lb****](#)

FN SCAR Trigger Safety Instruction Guide

Introduction

Thank you for choosing the FN SCAR Trigger. This guide provides essential safety instructions and guidelines to ensure the safe and effective use of your product. Please read this document carefully before installation and usage.

General Safety Guidelines

- Ensure that your rifle is unloaded before handling or installing the FN SCAR Trigger.
- Always treat your firearm as if it is loaded, even when you believe it to be unloaded.
- Keep the FN SCAR Trigger and all firearm components out of reach of children and unauthorized users.
- Use the FN SCAR Trigger only with compatible HKvariant rifles.
- Be aware of your surroundings and ensure a safe shooting environment when using your firearm.
- Follow all local laws and regulations regarding firearm ownership and usage.

Specific Safety Precautions for Use

- Do not modify the FN SCAR Trigger or any of its components.
- Regularly inspect the trigger for any signs of wear or damage. If any issues are found, cease use immediately and seek assistance.
- Ensure that the trigger is properly installed before using the firearm.
- Do not use the rifle with the FN SCAR Trigger if you are under the influence of drugs or alcohol.
- Always use appropriate hearing and eye protection when shooting.

Instructions for Installation and Usage

1. Preparation

- Ensure your rifle is unloaded and in a safe condition.
- Gather necessary tools, including a punch tool for pin removal.

2. Installation

- Remove the original hammer and trigger pins from your rifle.
- Carefully install the FN SCAR Trigger, ensuring it aligns correctly with the original components.
- Reinsert the original hammer and trigger pins to secure the trigger module in place.
- Check for proper function by pulling the trigger in a safe environment without ammunition.

3. Usage

- When ready to use, load your rifle according to the manufacturer's instructions.
- Maintain a firm grip on the rifle and ensure your finger is off the trigger until ready to shoot.
- Aim at a safe target and pull the trigger smoothly to fire.

4. PostUsage

- After shooting, unload your rifle and clean it according to the manufacturer's recommendations.
- Store your rifle and the FN SCAR Trigger in a secure location, away from children and unauthorized users.

Disposal Instructions

- Dispose of the FN SCAR Trigger and any associated components according to local regulations for hazardous materials.
- Do not dispose of the trigger in regular household waste. Instead, contact your local waste management authority for proper disposal methods.

Contact Information for Further Support

For any safety inquiries or support regarding the FN SCAR Trigger, please contact the manufacturer or your local retailer. Ensure that you have the product details and any relevant information ready when seeking assistance.

Thank you for prioritizing safety and responsibility in your firearm usage. Enjoy the enhanced performance of your FN SCAR Trigger!
