

Casefeed Arm Bushing for Dillon XL650/XL750 (Medium / Red - 13403)

Keep your case feeder cycling flawlessly. The Armanov Casefeed Arm Bushing is a premium, high-precision replacement component engineered for Dillon XL650 and XL750 progressive reloading presses.

Constructed from heavy-duty, industrial-grade 3D-printed PETG, this bushing delivers structural flexibility and wear resistance that matches or exceeds the original factory part. Available in a variety of caliber-specific sizes and vibrant colors, each bushing is custom-tailored to ensure smooth, properly aligned case dropping—drastically minimizing tipping and feeding jams to boost your overall reloading efficiency.

Attributes

- Name: Casefeed Arm Bushing for Dillon XL650/XL750 (Medium / Red - 13403)
- Manufacturer: ARMANOV
- Product no.: EU2018288
- Mfr. No.: CFAB-RE
- Colour: Yellow
- Delivery weight: 1kg
- Shipping height: 100mm
- Shipping width: 100mm
- Shipping length: 100mm

Safety Instruction Guide for Casefeed Arm Bushing for Dillon XL650/XL750

Introduction

Thank you for choosing the Casefeed Arm Bushing for Dillon XL650/XL750. This highprecision replacement component is designed to enhance the performance of your progressive reloading press. To ensure your safety and the effective use of this product, please read and follow the safety instructions outlined in this guide.

General Safety Guidelines

- Ensure that the product is used only for its intended purpose as specified.
- Keep the product out of reach of children and vulnerable individuals.
- Regularly inspect the bushing for signs of wear or damage before each use.
- Report any unsafe conditions or product failures to the appropriate authorities.
- Stay informed about product recalls and safety updates through the EU's Safety Gate platform.

Specific Safety Precautions for Use

- Always wear appropriate safety gear, such as eye protection, when using reloading equipment.
- Do not exceed the recommended load limits for your Dillon XL650/XL750 press.
- Ensure that the bushing is correctly installed and secured before operation.
- Avoid using the bushing if it shows signs of excessive wear or damage.
- Keep hands and clothing away from moving parts during operation to prevent injury.

Instructions for Installation and Usage

1. Installation:

- Ensure the Dillon XL650 or XL750 press is turned off and unplugged.
- Remove the existing casefeed arm bushing from the press.
- Clean the area around the bushing slot to remove any debris or residue.
- Insert the new Casefeed Arm Bushing into the designated slot, ensuring it is properly aligned.
- Secure the bushing in place according to the manufacturer's instructions.

2. Usage:

- After installation, check the alignment of the case feeder to ensure it is functioning correctly.
- Load the appropriate caliber cases into the feeder.
- Turn on the Dillon XL650 or XL750 press and monitor the operation for any irregularities.
- If you notice any tipping or feeding jams, stop the press immediately and inspect the bushing for proper function.

Disposal Instructions

- Dispose of any old or damaged bushings in accordance with local waste disposal regulations.
- Do not throw the product in regular household waste; check for recycling options available in your area.

Contact Information for Further Support

For any inquiries related to safety or product support, please refer to the manufacturer's contact information provided with your product packaging or visit the official website.

By following these guidelines, you can ensure the safe and effective use of the Casefeed Arm Bushing for Dillon XL650/XL750. Thank you for your attention to these safety instructions.
