

Casefeed Arm Bushing for Dillon XL650/XL750 (Large / Yellow - 13619)

Keep your case feeder cycling flawlessly. The Armanov Casefeed Arm Bushing is a premium, high-precision replacement component engineered for Dillon XL650 and XL750 progressive reloading presses.

Constructed from heavy-duty, industrial-grade 3D-printed PETG, this bushing delivers structural flexibility and wear resistance that matches or exceeds the original factory part. Available in a variety of caliber-specific sizes and vibrant colors, each bushing is custom-tailored to ensure smooth, properly aligned case dropping—drastically minimizing tipping and feeding jams to boost your overall reloading efficiency.

Casefeed Arm Bushing Safety Instruction Guide

Introduction

Thank you for choosing the Armanov Casefeed Arm Bushing for Dillon XL650/XL750. This highprecision component is designed to enhance the performance of your reloading press. To ensure safe and effective use of this product, please carefully read and follow the safety instructions outlined in this guide.

General Safety Guidelines

- Always ensure that the reloading press is turned off and unplugged before installing or replacing the bushing.
- Keep the bushing and all reloading components out of reach of children and pets.
- Inspect the bushing regularly for signs of wear or damage. Do not use if damaged.
- Use the bushing only for its intended purpose as specified in this guide.
- Report any unsafe conditions or accidents to the relevant authorities.
- Check for any recall updates on the EU's Safety Gate platform to stay informed about product safety.

Specific Safety Precautions for Use

- Ensure that the bushing is compatible with your Dillon XL650 or XL750 model.
- Avoid using excessive force during installation to prevent damage to the bushing or the reloading press.
- Always follow the manufacturer's guidelines for the operation of your Dillon reloading press.
- Be cautious of moving parts during operation to prevent injury.
- If you experience any malfunctions or irregularities during use, stop immediately and inspect the equipment.

Instructions for Installation and Usage

1. Preparation:

- Turn off and unplug your Dillon XL650 or XL750 reloading press.
- Gather all necessary tools for installation.

2. Installation:

- Remove the existing casefeed arm bushing from your reloading press.
- Clean the area where the bushing will be installed to ensure a proper fit.
- Align the new Armanov Casefeed Arm Bushing with the mounting point.
- Gently insert the bushing into the mounting point, ensuring it is seated properly.
- If applicable, secure the bushing using the provided fasteners or clips.

3. Usage:

- Once installed, plug in your reloading press and power it on.
- Load the appropriate caliber specific cases into the feeder.
- Monitor the case feeding process to ensure smooth operation.
- If you notice any irregularities, stop the press and inspect the bushing and feeder.

Disposal Instructions

- Dispose of any old or damaged bushings in accordance with local waste disposal regulations.
- Do not dispose of the bushing in regular household waste if it contains any hazardous materials.
- Consider recycling the bushing if possible, as it is made from industrialgrade PETG.

Contact Information for Further Support

For further inquiries regarding safety or product support, please refer to the contact details provided by your retailer or manufacturer. Ensure you have the product information ready for efficient assistance.

Thank you for your attention to these safety guidelines. Your safety and satisfaction are our top priorities. Enjoy your reloading experience with the Armanov Casefeed Arm Bushing!
