

Casefeed Adapter for Dillon XL650/XL750 (Orange - 13386)

Restore or upgrade your feeding system with OEM precision. The Armanov Casefeed Adapter is a high-precision component custom-engineered for Dillon XL650 and XL750 progressive reloading presses.

Manufactured from heavy-duty, industrial-grade 3D-printed PETG, this adapter replicates the exact factory dimensions of the original Dillon Precision part. This ensures a seamless, drop-in integration and provides the consistent, rock-solid reliability you need to keep your brass feeding smoothly into the press without catching or binding.

Attributes

- Name: Casefeed Adapter for Dillon XL650/XL750 (Orange - 13386)
- Manufacturer: ARMANOV
- Product no.: EU2018300
- Mfr. No.: CFAD1-OR
- Colour: Red
- Delivery weight: 1kg
- Shipping height: 100mm
- Shipping width: 100mm
- Shipping length: 100mm

Casefeed Adapter for Dillon XL650/XL750 Safety Instructions

Introduction

Thank you for choosing the Casefeed Adapter for Dillon XL650/XL750. This product is designed to enhance the functionality of your reloading press while ensuring safe and reliable operation. Please read this safety instruction guide carefully to ensure proper use and maintenance of the product.

General Safety Guidelines

- Ensure safe use of the Casefeed Adapter by following all instructions provided.
- Be aware of potential hazards associated with reloading equipment and components.
- Keep the product out of reach of children and vulnerable individuals.
- Regularly inspect the adapter for wear and damage before use.
- If any part of the adapter appears damaged, discontinue use immediately and replace it.
- Stay informed about product recalls and safety updates through the EU Safety Gate platform.

Specific Safety Precautions for Use

- Always wear appropriate safety gear, including safety glasses and gloves, when using reloading equipment.
- Do not exceed the recommended load capacities of your Dillon XL650 or XL750 press.
- Ensure that the Casefeed Adapter is properly installed before use.
- Avoid placing hands or any body parts near moving parts of the reloading press during operation.
- Do not modify the Casefeed Adapter or any other components of the reloading press.
- Use only compatible components with the Dillon XL650 or XL750 to avoid malfunctions.

Instructions for Installation and Usage

Installation Steps

1. **Preparation:** Ensure that your Dillon XL650 or XL750 press is turned off and unplugged from the power source.
2. **Remove Existing Adapter:** If applicable, carefully remove any existing casefeed adapter from your press.
3. **Install Casefeed Adapter:**
 - Align the Casefeed Adapter with the mounting points on the Dillon press.
 - Securely fasten the adapter using the appropriate screws or fasteners provided.
4. **Check Alignment:** Ensure that the adapter is properly aligned and securely attached before proceeding.
5. **Reconnect Power:** Plug the press back into the power source and prepare for operation.

Usage Instructions

- Load brass cases into the Casefeed Adapter as per the manufacturer's guidelines.
- Monitor the feeding process to ensure smooth operation and prevent jams.
- Regularly clean and maintain the Casefeed Adapter to ensure optimal performance.
- If a jam occurs, turn off the press and safely clear the obstruction before resuming operation.

Disposal Instructions

- Dispose of the Casefeed Adapter responsibly at the end of its life cycle.
- Do not dispose of the product in regular household waste.

- Check local regulations for proper disposal methods of 3Dprinted materials and electronic components.

Contact Information for Further Support

For any safety inquiries or further assistance regarding the Casefeed Adapter, please refer to the EUbased contact information provided with your product packaging.

By adhering to these safety instructions, you can ensure a safe and effective reloading experience with the Casefeed Adapter for Dillon XL650/XL750. Thank you for your commitment to safety.
