

Casefeed Body Bushing for Dillon XL650/XL750 (.38 / .357 (13384))

Upgrade to lifetime durability. The Armanov Casefeed Body Bushing is a premium, high-precision component engineered to replace the factory plastic bushing on your Dillon progressive reloading press.

CNC-machined from high-grade, aircraft-spec aluminum, this bushing maintains the exact dimensions of the original Dillon Precision part, guaranteeing a flawless, drop-in fit. Unlike the stock polymer versions that wear out or score over time, this aluminum upgrade provides an ultra-smooth, low-friction surface and unmatched structural longevity for thousands of reloading cycles.

Casefeed Body Bushing Safety Instruction Guide

Introduction

Thank you for choosing the Armanov Casefeed Body Bushing for your Dillon XL650/XL750 reloading press. This guide provides essential safety instructions and guidelines to ensure the safe and effective use of this product. Please read this document carefully before installation and use.

General Safety Guidelines

- Ensure that the product is used solely for its intended purpose as specified in the product description.
- Keep the product out of reach of children and vulnerable individuals to prevent accidents or misuse.
- Regularly inspect the bushing for any signs of wear or damage before each use.
- If you notice any abnormalities, discontinue use immediately and contact the manufacturer.
- Follow all local regulations regarding the safe handling and usage of reloading equipment.

Specific Safety Precautions for Use

- Always wear appropriate protective gear, including safety glasses and gloves, when handling reloading equipment.
- Ensure that the reloading press is securely mounted and stable before installation of the bushing.
- Do not exceed the recommended reloading specifications for your Dillon press.
- Avoid using the bushing with incompatible cartridges or materials.
- Do not modify the bushing or attempt to repair it if it becomes damaged.

Instructions for Installation and Usage

1. Preparation:

- Gather all necessary tools and materials required for installation.
- Ensure that your Dillon XL650/XL750 press is turned off and unplugged.

2. Installation:

- Remove the existing factory plastic bushing from your Dillon press.
- Clean the bushing area to remove any debris or residue.
- Insert the Armanov Casefeed Body Bushing into the designated slot, ensuring a snug fit.
- Verify that the bushing is seated properly and securely.

3. Usage:

- Power on your Dillon press and follow the manufacturer's instructions for reloading.
- Monitor the performance of the bushing during use. If you notice any issues, stop using the press immediately.
- Maintain the bushing by regularly cleaning it to prevent buildup of debris.

Disposal Instructions

- Dispose of the product in accordance with local regulations.
- Do not dispose of the bushing in regular household waste if it is damaged or worn out.
- Contact your local waste management facility for guidance on the proper disposal of metal components.

Contact Information for Further Support

For any inquiries regarding safety, installation, or product performance, please reach out to the manufacturer or your point of purchase. Always ensure that you have the product details at hand for a more efficient response.

Thank you for your attention to these safety instructions. Your safety and satisfaction are our top priorities. Enjoy your reloading experience with the Armanov Casefeed Body Bushing!
