Safety Instruction Guide for Casefeed Body Bushing for Dillon XL650/XL750

Introduction

Thank you for choosing the Armanov Casefeed Body Bushing for your Dillon XL650 or XL750 reloading press. This premium replacement part is designed to enhance the efficiency and reliability of your reloading process. To ensure safe and effective use of this product, please read and follow the safety instructions outlined in this guide.

General Safety Guidelines

To promote safe usage of the Casefeed Body Bushing, please adhere to the following guidelines:

- Always follow the manufacturer's instructions for your Dillon reloading press.
- Inspect the bushing for any signs of damage before use. Do not use if damaged.
- Keep the bushing and all reloading equipment out of reach of children and vulnerable individuals.
- Ensure that your work area is clean and free from hazards that could cause accidents.
- Use only compatible components with your Dillon XL650 or XL750 to avoid malfunction.
- Report any unsafe conditions or accidents to the appropriate authorities.

Specific Safety Precautions for Use

To minimize risks while using the Casefeed Body Bushing, please observe the following precautions:

- **Compatibility Check:** Ensure that the bushing size is appropriate for the caliber you are reloading.
- **Proper Installation:** Follow the installation instructions carefully to secure the bushing correctly.
- **Regular Maintenance:** Clean the bushing regularly to prevent debris accumulation that may affect performance.
- **Avoid Overloading:** Do not exceed the recommended capacity of your reloading press.
- **Use Personal Protective Equipment:** Wear safety glasses and gloves when operating the reloading press to protect against potential hazards.

Instructions for Installation and Usage

To install and use the Casefeed Body Bushing, please follow these steps:

1. Preparation:

- Ensure that the Dillon XL650 or XL750 press is unplugged and not in operation.
- Gather all necessary tools for installation.

2. Installation:

- Remove the existing bushing from the press if applicable.
- Insert the new Casefeed Body Bushing into the designated slot on the Dillon press.
- Ensure it is seated properly and securely.

3. Testing:

- Perform a test run with the press to ensure the bushing is functioning correctly.
- Monitor for any unusual sounds or movements during operation.

4. Usage:

- Follow the standard operating procedures for your Dillon press while using the new bushing.
- Regularly check the bushing during operation to ensure it remains in good condition.

Disposal Instructions

When it comes time to dispose of the Casefeed Body Bushing, please follow these guidelines:

- Dispose of the bushing in accordance with local regulations for plastic waste.
- If the bushing is damaged or no longer usable, consider recycling it if facilities are available.
- Do not dispose of the bushing in regular household waste if it can be recycled.

Contact Information for Further Support

For any safety inquiries or support related to the Casefeed Body Bushing, please reach out to your local distributor or the manufacturer. Ensure that you have the product details ready for assistance.

By following these safety instructions, you can ensure a safer and more effective reloading experience with your Dillon XL650 or XL750 press. Thank you for prioritizing safety in your reloading activities.
