

Dillon Debris-Out Casefeeder Adapter - Dillon Debris-Out Casefeeder Adapter (.223 Rem)

This is an essential upgrade, as blockages inside the adapter tube can cause quite a few malfunctions. Small pieces of corn cob media often remain mixed with the brass and are carried down through the case feed tube. When they reach the narrower diameter of the adapter tube, they jam against the cases and cause a feeding malfunction. The Debris-Out Casefeeder Adapter replaces the original Dillon casefeeder adapter on your XL650 / XL750. Slots cut into the tube allow debris to fall out sideways into a small catch tray, significantly reducing the likelihood of jams.

Attributes

- Name: Dillon Debris-Out Casefeeder Adapter (.223 Rem)
- Manufacturer: ARMANOV
- Product no.: EU2018331
- Mfr. No.: DEBCD223
- Colour: Black
- Delivery weight: 1kg
- Shipping height: 100mm
- Shipping width: 100mm
- Shipping length: 100mm

Dillon DebrisOut Casefeeder Adapter Safety Instruction Guide

Introduction

Thank you for choosing the Dillon DebrisOut Casefeeder Adapter (.223 Rem). This product is designed to enhance the performance of your XL650 / XL750 casefeeder by preventing blockages that can lead to malfunctions. Please read this safety instruction guide carefully to ensure safe and effective use of the adapter.

General Safety Guidelines

- Always use the product in accordance with the manufacturer's instructions.
- Ensure that the adapter is compatible with your casefeeder model before installation.
- Regularly inspect the adapter for any signs of wear or damage.
- Keep the product out of reach of children and vulnerable individuals.
- Report any unsafe products or accidents to the relevant authorities.
- Check for recall updates on the EU's Safety Gate platform.

Specific Safety Precautions for Use

- **Avoid Blockages:** Ensure that the adapter is free from debris before use to prevent feeding malfunctions.
- **Handle with Care:** Use caution when installing or removing the adapter to avoid injury.
- **Monitor Performance:** Regularly check the case feed for any irregularities during operation.
- **Use Appropriate Media:** Only use corn cob media that is suitable for your reloading process to minimize the risk of blockages.
- **Do Not Force:** If you encounter resistance while feeding cases, stop and inspect for blockages before proceeding.

Instructions for Installation and Usage

Installation

1. Prepare the Work Area:

- Ensure that your workspace is clean and welllit.
- Gather all necessary tools for installation.

2. Remove the Original Adapter:

- Turn off the casefeeder and unplug it from the power source.
- Carefully detach the original Dillon casefeeder adapter from your XL650 / XL750.

3. Install the DebrisOut Adapter:

- Align the DebrisOut Casefeeder Adapter with the mounting points.
- Securely fasten the adapter in place according to the manufacturer's specifications.

4. Check for Proper Installation:

- Ensure that the adapter is firmly attached and there are no gaps.

Usage

1. Load Cases:

- Place cases into the case feed tube, ensuring they are properly aligned.
- Monitor the flow of cases and check for any signs of blockage.

2. Regular Maintenance:

- Periodically inspect the adapter for debris buildup.
- Clean the adapter as needed to maintain optimal performance.

3. Monitor Operation:

- Pay attention to the sound and operation of the casefeeder during use.
- If any unusual noises or malfunctions occur, stop using the product immediately and inspect it for issues.

Disposal Instructions

- Dispose of the product in accordance with local regulations.
- Do not dispose of the adapter in regular household waste if it contains hazardous materials.
- Consider recycling options available for plastic and metal components.
